

Inquest Into Death of Cyclist Slated

An inquest into the hit-and-run death of a motorcyclist at the intersection of Crenshaw and Redondo Beach boulevards last Sunday morning will be held at the Dunaway Mortuary, Hawthorne, at 9:30 tomorrow morning.

Hurled 27 feet and killed was Kenneth J. Fields, 22, of 1239 West 164th street, Hawthorne. Seriously injured was Miss Marvel Jean Marine, 19, of 16520 Halldale.

Fields had stopped near the intersection of Crenshaw and Redondo Beach boulevards when he was struck by the motorcyclist. The injured girl told the California Highway Patrol.

Miss Marine was thrown 14 feet by the impact. She was taken to a Hawthorne hospital. She told investigating officers that an unidentified driver struck her and the fatally injured Fields as she was holding a light while he made repairs to the cycle.

Cattle Rustlers Nab Young Calf

Someone has been rustling his cattle, Carl Leopold, 1305 West 165th street, told Torrance police last Thursday.

Missing, according to Leopold, is a 1-month-old Hereford calf weighing about 125 pounds, from a pasture east of the KNX transmitter station on Hawthorne boulevard.

HUGE ROLLER BEARING

A single roller in the huge roller bearings used in the giant machines employed by the steel industry for rolling out cold, flat steel sheets weighs about 700 pounds.

THAILAND VISITOR... From high atop a coke tower, James H. Curtiss (left) manager of manufacturing for the General Petroleum Corporation shows the expansiveness of the local refinery to Rear Admiral T. Thamrong-Nawasawat, R. N., former prime minister of Thailand, (center). Accompanying the Thailand naval officer on a tour of the plant on Tuesday, was H. J. E. Van Oosten, steamship company executive.—(Herald Photo).

Best way to spruce up a telephone is with a soft, dry cloth... never with water, or any other liquid.

HOW TO TREAT YOUR TELEPHONE

Suggestions to help protect your service

1. A twisted cord can lead to trouble. Although the wires are especially designed for flexibility, too many twists and kinks may eventually break them and interfere with service until a repairman can call. Good idea to get the curls out by letting the receiver dangle and unwind by itself... then keep them out by remembering, each time you call, not to put turns in the cord as you handle the receiver.

2. It's built to take it... but your telephone can develop ailments if it's dropped. So make sure the stand it sits on is solid and is in a spot where it won't be accidentally bumped. Other ways to help protect service: Avoid "gadget" attachments for your telephone... keep cords clear of doorways where they may be pinched... and always keep water away from wires and fittings.

3. Did you ever stop to think that your telephone is one service or piece of equipment in your home that's repaired and maintained for life at no extra cost to you? It's one of the values included in the rates you pay for service... rates that make your service a real bargain today. For the telephone takes an even smaller part of the family budget than it did ten years ago. On the average, rates have gone up less than half as much as the cost of living generally.

PRICE INCREASES SINCE 1940 IN TERRITORY WE SERVE			
FOOD UP 102%	CLOTHING UP 82%	COST OF LIVING UP 66%	AVERAGE TELEPHONE RATES UP 27%

For Sale: One Splinterless Handle With Lawnmower on One End

Sealed bids will be accepted by the Torrance Post Office until midnight, August 20, 1950, for a handle with a 15-year-old lawnmower attached, according to Louis H. Deiningner, in charge of the surplus sale.

The equipment is described by Deiningner as: two-wheeled, one person powered, (operator not furnished) 15 years in postal service, highly polished handle suitable for left or right-handed operator, and five-bladed cutter plus welding scars minus slight nicks in blade. Equipment does not include sheet metal bottom, canvas-sided grass catcher.

The item is open to public inspection during normal post office hours, according to Deiningner.

Bids from such industries as Columbia Steel and National Supply, both users of scrap metal, are invited.

Properly sealed bids may be handed to the postmaster, Mrs. Clara Conner, or dropped in the mail shoot addressed to Postmaster, Torrance, California, Surplus Lawnmower Sales.

A bond need not accompany the bid. Bids will be opened at 8 a.m. Monday, August 21 at the post office. Highest bidder will be given title to mower and handle.
